WORK EXPERIENCE

Sr. Web Developer
MoCA Test Inc.

01/2021 - Present *Montreal, QC, Canada*

Roles / Responsibilities

- Designed intuitive user interfaces and included new features to improve user experience in Wordpress Dashboard utilising CSS, Javscript, and PHP with Agile tools (e.g., JIRA, Confluence).
- Collaborated with back-end developers to integrate .NET API utilising CURL and AJAX calls to retrieve data from the server, as well as worked on integrating PayPal REST API for the payment process.

Software Engineer
Codewave Technologies Private Limited

07/2017 - 03/2020 *Bengaluru, Karnataka, India*

Roles / Responsibilities

- Developed landing pages, dashboards and Web applications using Modern javascript frameworks such as ReactJS and Angular.
- Created REST API with NodeJS and Express that allows users to input information while storing data in MongoDB and deploying code to cloud platform such as Heroku.
- Ensured consistent page appearance/behavior across multiple browsers using CSS media queries, frameworks such as Tailwind and Bootstrap for responsive web design.
- Proficient understanding of code versioning tools, such as Git.

Junior Web Developer
Clobdata Techno Solutions Pvt Ltd

06/2016 - 07/2017 *Bengaluru, Karnataka, India*

Roles / Responsibilities

- Created site layout and user interface using HTML, CSS, Tailwind CSS and Bootstrap best practices.
- Developed and designed websites with modern Javascript framework, while achieving Customer/user Friendliness.
- Striking a balance between functional and aesthetic design and ensuring web design is optimized for smartphones.
